

Dear Theatre Enthusiast,

Over the last 22 years it has been the goal of the Highland Park Players Board of Directors to offer quality theatre experiences for diverse audiences by keeping our ticket prices truly affordable. However, the last few years has seen the cost of production far exceed our ticket sales, grants, and donations. As costs continue to escalate, Highland Park Players anticipate that the funds we have accumulated will be gone by 2011.

In order to continue to offer the level of musical and dramatic theatre productions worthy of our community, we are seeking donations. We appreciate you supporting the arts in Highland Park and we hope you will continue to do so by awarding us your assistance.

On behalf of the entire Board of Directors of The Highland Park Players, we thank you for your consideration.

To have your name listed in the Annie program please send your donation to us no later than September 19, 2009.

Sincerely,

Bradley A. Rose
President, Highland Park Players
